**RE: Letter of Support for Mr. Dario Echeverry's EB-1 Extraordinary Ability Alien Petition**

Dear Director:

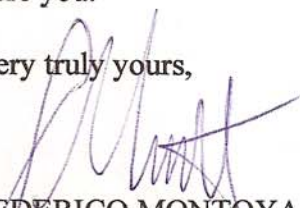

It is with great pleasure and enthusiasm that I write a letter on behalf of Dario Echeverry's application for an Immigrant Visa based on his Extraordinary Ability in Athletics as a Kart racer. Dario is currently ranked number one nationally in the Easykart 125cc Heavy division.

I have been involved in Motorsports for approximately 10 years, as a driver, team coordinator, driving instructor, and I am the 2006 Easykart World Champion. I have driven a variety of race cars and karts, including among others, Formula Cars, Sports Cars, Prototype Cars, and Easykarts. I have driven in race tracks throughout North and Central America, and have participated as a Team coordinator in many other tracks in Europe. During this time, I have had the opportunity to watch, evaluate, and race against thousands of drivers.

During the last four years, I have had the opportunity to watch Dario race at some of the most challenging kart tracks in the United States against many of the finest drivers. Through my experience in the racing arena, I am able to recognize a driver of extraordinary ability. Dario is one of those racers. Specifically, Dario displays physical skills that allow him to drive a kart at high speeds with precision and control. In addition, Dario's ability to maintain his concentration and focus on the track throughout the race separates him from other competitors. This combination of physical skills and mental fortitude has resulted in winning many races and championships.

Dario Echeverry is internationally known as an extraordinarily talented kart racer on the kart circuit. He takes pride in his racing and approaches the sport of kart racing with great enthusiasm. I respectfully urge you to grant the pending petition before you.

Very truly yours,

FEDERICO MONTOYA
